Please read the instructions and look at the pictures before attaching the ProClip.

1. Press the thin end of the enclosed gap opener into the gap between the center console frame and the dash board, to widen the gap. Use the enclosed alcohol pad to clean the area where the ProClip is to be installed. Peel of the adhesive tape cover on the ProClip. Press the angled edge on the right part of the ProClip into the gap between the climate control panel and the surrounding frame.

2. Press forward on the left side of the ProClip so the angled edge hooks into the gap above the gap opener.

3. Press on the left part of the ProClip so the angled edge goes all the way into the gap. Pull out the gap opener.

4. The ProClip is in place.
